

TEXTIL ILLUMINATI

Description:

Illuminati, state-of-the-art textile for backlit applications.

Knitted polyester fabric featuring outstanding product properties that is specially developed for the use in light boxes with shallow frames.

Excellent light diffusion owing to a finely textured, homogenous surface.

Silky to the touch.

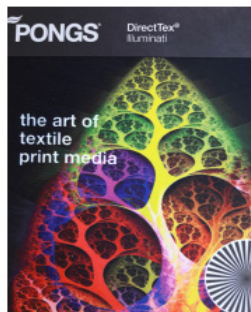

Illuminati is distinguished by high translucency, it is crease-resistant, free of stress whitening and pin holing.

The innovative textile is digitally printable up to 320 cm showing brilliant colour reproduction

Printing methods

Applications: displays, fairs, art reproduction, events, theatre, visual merchandising, etc.
